Robin Harmon - Owner Snapshot:

"I live to create beautiful spaces that function well," said Robin Harmon. "I enjoy the gratification of a design unfolding beneath my pencil." That's what drew Harmon to launch her interior design business. What has made her a success is her unique business model. "I use my problem-solving skills -- what starts off as a problem or a possibility becomes a very functional and comfortable environment for my client."

Apparently, Harmon's creativity does not switch off. "Call me OCD, but when I go to restaurants I look around while I'm eating and mentally redesign the space. It gives me quite a rush!"

The RMH Interiors 4,000-square-foot showroom is filled with eclectic furniture and decorative items, as well as samples of wall coverings, rugs, curtains and more. One thing is for sure: You never know what you may find at RMH!

Antique slot machines and suits of armor to hand painted furniture, leather or silk clothing.

We have Japanese Samurai dolls in acrylic boxes to weathered barn doors and apple orchard ladders that can be used in a bedroom to hang clothes and shoes on. We have large elephant wall hangings, contemporary or modern artwork to vintage oil paintings. We even have vintage and consignment clothing!
